

Living For Others, an NGO in Tarime, Tanzania was established in 2023 to address the dire poverty of many of their rural residents. Their goals include finding educational sponsors for children in the villages, building two room brick houses for single parent families that are presently homeless or living in mud huts and drilling wells to make clean water available. Through the United Methodist General Board of Global Ministries (GBGM) donations can be made towards the building of a house and/or the administrative costs to complete this important work by a dedicated staff. Donations of any amount are greatly appreciated.

We are grateful that Living For Others has been approved by GBGM to use the Tanzania Undesignated Advance (#00205A) for projects. Donors making online gifts can do so at [Global Ministries - Tanzania Undesignated \(umcmission.org\)](https://www.umcmission.org). At the top of this giving page, you will see this message:

“Please note the purpose of your gift in the box below. Gifts sent without notification will be used in the country at the discretion of Global Ministries.”

It is imperative that donors put **“Living For Others-Housing”** or **“Living For Others-General Fund”** in the memo box. Gifts received without a designation can be used for other projects in Tanzania.

Donors wishing to send a check should make the check payable to Advance-GCFA and write #00205A with “Living for Others-Housing” in the memo box. If the check is received without this important information, the donation will not be released to Living For Others. Checks can be sent to

Global Ministries, 458 Ponce de Leon Avenue NE, Building A, Suite 1, Atlanta, GA 30308.

To protect your privacy, GBGM will keep your donation anonymous and will generate a receipt for you. We at Living For Others would love to be able to thank you and keep you updated on the progress of the house’s construction. If this is something you would like, please inform us of your donation by emailing Roy Hansen at [royhansen777@gmail.com](mailto:royhansen777@gmail.com).

Roy can also be reached to address any questions you may have at the above email address or at 607-742-9649
